Pace and the Village of Niles are conducting a study to determine how best to integrate the Niles Free Bus routes with the planned Pace Milwaukee Corridor Arterial Rapid Transit (ART) Bus Project. The purpose of the study is to improve transit options for residents, employers and businesses in the Village of Niles.

This joint effort between Niles and Pace has resulted in a proposal for the Niles Free Bus that addresses many of the issues raised by Niles' residents and businesses. The project team will share that proposal and ask for your feedback.

Please join us at one of the open houses listed for a presentation on the proposal and to share your thoughts.

Additional information about the project and proposed changes to the Niles Free Bus routes is available at www.vniles.com/674/Niles-Free-Bus-Modernization-Project.
