

**A Family of Snow Angels**  
We encourage families to participate together!

## ***NILES SNOW ANGELS VOLUNTEER PROGRAM***

### **VOLUNTEER AND MAKE A DIFFERENCE!**

All volunteers will be asked to commit to services from December through March. Because winter is unpredictable, volunteers will need to be flexible and be available on short notice. Each volunteer or volunteer family will be assigned one resident's home to shovel through the season. Resident homes and volunteers will be matched by proximity. All volunteers must provide their own shovels or snow blowers.

### **RESIDENTS YOU WILL BE HELPING:**

- Resident is a senior citizen age 60+, disabled or has a serious medical condition
- Resident has no other adults under the age of 60 living in the home capable of removing snow
- No other family member or neighbor available to assist with snow removal

### ***NILES SNOW ANGELS IS A WEATHER-RELATED SERVICE:***

1. That is only activated after snow events of 2 inches or more.
2. Where every effort will be made to secure a volunteer to assist within 48 hours, beginning the morning after each snow event of 2 inches or more.
3. Residents and volunteers will try to be matched close by for convenience
4. This is entirely a volunteer-based program.
