

# Holiday Light RECYCLING PROGRAM

Every year, residents find themselves purchasing new strands of lights due to burned out bulbs, incomplete strands, wanting a different color, etc. Through this free recycling program, materials will be reclaimed, reprocessed, made into new products and kept out of the landfills making the Season much brighter.

Elgin Recycling, Inc. will gather the collected material, which will then be processed at their Palatine facility. The strands are chopped, separated, baled and sold as a commodity to foundries and mills in the United States.

This recycling program is sponsored by the Village of Niles, the Solid Waste Agency of Northern Cook County (SWANCC), and Elgin Recycling, Inc. For other SWANCC programs visit [swancc.org](http://swancc.org).

*Best wishes for the New Year!  
The Environmental Practices Committee*
